5: Country Pavilions

Exhibitors of Country Pavilions (Joint Presentation) will get stand construction as per agreed design and details. Please note that in these cases the company providing additional furniture and decoration items will be the same company that is building the stands. This might not be the same company which is providing the Shell Scheme stands (Exhibitions & More – Al Fajer). Please refer to your pavilion organizer for details and price lists.

6. Space Only Stand Specifications

The Space Only option does not include any stand fittings, flooring or electrics, but enables the exhibitors to create their own individual stand build.

Please ensure that your stand design does not include the standard shell scheme as this is provided by our Official Stand Contractors only and plans containing shell scheme will be rejected.

Exhibitors arranging their own stand fitting are reminded that, where their stand joins another Exhibitor's area, the back of any dividing walls, panels or exhibits must be painted white or masked to present a neat appearance. It is the responsibility of Exhibitors not taking shell stands to make their own arrangements for the provision of suitable floor covering for their area and also to ensure their stand number is clearly displayed.

Since no power supply is included in space only sites, a separate application for the mains supply must be made to the Official Contractors at least two months before the event, using the forms in the Exhibitor Information Manual.

All Space Only Exhibitors must submit dimensional drawings of their proposed stand design to the Organisers' for approval no later than the scheduled deadline. Please

complete and return the corresponding order form from the Exhibitor Information Manual. The Organisers' reserve the right to reject a design likely to unreasonably affect nearby Exhibitors' sites in any way.

Stand fitting and display work to space only sites must not exceed an overall height of 2500mm without the Organisers' written permission. With permission, the total possible height to which you may construct your stand is 6000mm depending on the hall & location within the hall. Applications should be made in writing to the Organisers' and be accompanied by a scale drawing. Such applications should be made at least four weeks prior to the Show.

If a space only exhibitor needs to hire furniture, they can only order from their stand builders. Furniture will not be readily available on site. Exhibitors' stand fitting contractors can commence work on space only stands on the date scheduled in the Deadline Checklist that is part of the Exhibitor Information Manual.
